

**Arlington Genealogical Society
Presents**

Bernard N. Meisner

Discussing

**Applying Family Naming
Conventions to Your
Genealogy Research**

September 9, 2014

**6:30 p.m. in the Community Room
George W. Hawkes Central Library**

Names can give clues to determine if two or more people are related. Some naming conventions are culturally based. Mr. Meisner will describe some traditional naming conventions and discuss how they can be used to provide clues for potentially identifying family members.

The public is welcome.
