

ARLINGTON GENEALOGICAL SOCIETY

Presents

Bernard N. Meisener

Sharing his Techniques and Strategies for
More Effective On-line Searching

June 9, 2015

6:30 PM, Community Room,
Arlington West Police Service Station
The Public is Welcome

This presentation covers how to determine what information is available, where it is located, and how to use search tools such as filters, wildcards, keywords, complementary data sources, and tailored search engines to improve the likelihood of finding “your” family history information on-line.
