January Regular Monthly Meeting

On January 31st, the general meeting of the FWGS was held at the Fort Worth Central Library. Barbara Bixley Wylie presented the program on Researching Methodist Records: We're not called METHODISTS for nothing! Barbara is a professional genealogist with an impressive background as a speaker and writer. She explained that Methodists records are better than those of many mainstream protestant denominations. Barbara gave an interesting presentation which included information on what records are kept, where to find them, how to access them and how to decipher the unique terminology used in these records.
