April Monthly Meeting

On Monday, March 31, 2003, approximately forty members and guests of the FWGS met at the Fort Worth Public Library. After a short business meeting, Treasurer Roy Combrink introduced the speaker, Albert Hickman, whose lecture was titled "After Their Spirits Left: The Value of Funeral Home, Cemetery, and Monument Company Records". Mr. Hickman recommended funeral home, cemetery and Monument Company records as possible sources for an individual's place of birth, parent's names and other information. He suggested contacting these businesses about their records by locating their names in telephone books, city directories, and the Internet. Funeral home records often contain a great deal of family data as well as the information about the funeral service. They sometime include the obituary and even a copy of the death certificate. Cemetery associations maintain "sexton's records" that indicate the locations of plots. Monument companies have records related to the purchase of grave markers. These later two types of records also may provide clues for your research. Properly approached, these institutions are usually willing to help researchers.
