About Jane

Jane Buck received a B.S. in Biology from Millsaps College in 2002, and has been pursuing genealogy as a hobby since 2005. She first joined Family Tree DNA as a customer and, through their service, found many new family members and broke through some "brick walls" in her own research. In 2010, Ms. Buck officially joined the Family Tree DNA team as head of the Customer Service department. In this role, she had the opportunity to speak to numerous genealogical groups and organizations about the benefits of genetic genealogy. She has since pursued a career in environmental consulting, though she continues giving talks around the country on behalf of Family Tree DNA.

Trinity Terrace Towers 1600 Texas Street Fort Worth, Texas

Driving Directions

From Interstate I-35W, go west on Interstate I-30, take the Summit Avenue exit and go six blocks north to Texas Street, turn left on Texas and go one and a half blocks, crossing Penn Street. Trinity Terrace Towers will be on your right.

Parking

Parking is available across Penn Street from the east tower and a small lot is just behind the east tower. Handicapped guests may use the Trinity Terrace visitor's area.

Smoking

Please note that Trinity Terrace **does not allow smoking** inside or outside their facilities!
